

MESSAGE FROM THE PRESIDENT OF THE REPUBLIC

Dear Midnight Sun Festival visitors

This event is about bringing people together. Every year the Midnight Sun Festival attracts Finns, Finnish Americans and friends of Finland from across America to celebrate Finnish heritage and to spend a wonderful weekend here in Bryant Park, Lake Worth.

Hundreds of thousands of Finns have found a new home in the United States, many of them here in Florida. It is great to see how this festival highlights Finnish nature and origins. No matter where we live.

I sincerely hope you enjoy your time here – and I could say that that is a good principle for life in general. I want to thank the organizers for this wonderful event and I wish all of you an exciting time at the festival.

A handwritten signature in black ink, reading "Sauli Niinistö".

Sauli Niinistö
The President of the Republic of Finland
